

Workshop on Geomagnetically Induced Currents

College Park, MD, 24 -27 October 2023

JOIN US as we work to build a cross-disciplinary forum that spans research and industry to address the problem of GICs.

Workshop Goals:

- Develop a community engaged in integration of research with applications to meet the needs of industry and government agencies.
- Build on the outcomes of the earlier initiatives, including the NSF GIC Innovation Lab
- Build sustained research and collaboration across all GIC arenas.
